Quick guide for external users

The WHO Photo Library contains photographs covering WHO's work, health topics, diseases and wider issues related to public health since 1948.

If you are an **external user**, you are not required to register or login to view, search or request the download of photographs.

If you are **WHO staff**, please refer to the Records and Archives intranet pages and/or to the Quick Guide.
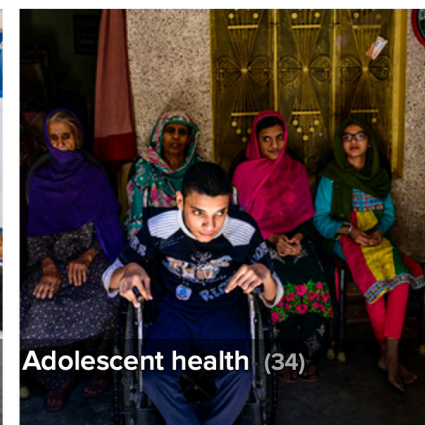

How to search

Search by Galleries

Galleries are organized by subject.

You can navigate and look through the **Galleries** to find images to illustrate your work.

| 🏠 | Log In | **Galleries** | **Global photo search** | Search... | Search | Advanced search |
